Millions Involved In Case In Judge Voorhees Hands

AUDITOR—Coshocton, O

LIMA MAN LEFT VAST MEXICAN ESTATE

Lawsuit Heard By Judges Of Cleveland District.

A case involving two million acres of rich mining land down in Mexico and five million dollars worth of bonds is in the hands of Judge R. M. Voorhees, who hopes to work out a decision in the case this week. About a month ago he sat with the judges of Cleveland district, who were here this week hearing the bridge case. They turned over the big Mexican land case to him to work out while they are pondering on the bridge case.

The big case is entitled Benj. C. Faurot, revived in the name of Joshua M. Dawson, executor of Benj. C. Faurot vs Oliver M. Staffod and others. Benj. Faurot lived at Lima and was at one time worth about five million dollars. He launched a project to build a railroad from Columbus to Lima. This caused him a heavy loss.

Judge Voorhees has the voluminous records in his charge and will devote this week to the study of the legal problems involved.

Annapolis Tragedy, His Mother, A Witness And Scene Of The Inquiry.

While many of the marine and navy officers scout the idea that Lieutenant James N. Sutton was murdered, his mother, who after a two years' struggle has succeeded in having a new investigation ordered, is certain that the inquiry which begins on July 19 at Annapolis will show that her son was the victim of a plot. Lieutenant Sutton was shot while returning to the marine barracks from Carvel hall on the night of Oct. 13, 1907. There is ample proof that he quarreled with one or more of his brother officers and that a short time after the quarrel he was shot through the head. Sworn testimony at the inquest was to the effect that he committed suicide.

Council Disposes of Many Important Matters

Council In Brief

South Ninth-st. controversy may be shifted into court

Mr. Magruder elected over again to clear up illegalities.

Elm and Second-st. sewer petition referred to service board

Salary of director of public safety fixed at $25 per month

Bond of Coshocton National bank accepted.

Ordinance to grade John-st. given second reading.

Roof water ordinance held over again.

Auction case money ordered paid.

Vault bill referred to service board.

J. C. Brister asks that new street signs be put up.

NINTH ST. MATTER GOES INTO THE COURTS

Sewer Petition for Elm and Second Streets it Presented

Council held a long drawn out session Tuesday evening with all members present but Mr. B. Caldwell

The main topic of discussion was the South Ninth-st. proposition. About ten property holders along South Ninth-st. were present with a petition to council for the establishment of a grade along that street, and for the building of a sewer and the placing of city lights.

The case has been creating much excitement in council for several sessions.

As will be remembered several weeks ago Sam Hamilton, owner of South Ninth-st. came before the council and asked that they purchase this street in order that the property holders could get the benefits of the city conveniences. His proposition was not accepted. In mean time the property holders have asked Mr. Hamilton's permission to lay a sidewalk along the front of their property. This Mr. Hamilton would not accede to, he claiming that as he was the owner of the street nothing could be done in the form of conveniences unless by his permission.

The property holders were then at a loss to know who was the owner and appealed to council to help them out. Council however after a long discussion of the case and after consulting Solicitor Williams decided that they had not the jurisdiction to do anything in the case. They said that it was the same question exactly as the Water-st sewer proposition which caused so much disturbance some time ago and that the present question would have to take the same course. The property holders were advised to either take their case into the courts or have the deeds reformed surveying the streets to them they in turn convey them to the city or to start

CHILD'S SKULL IS FRACTURED

Robert Ulman, the three year old son of Mrs. H. W. Ulman of Spring Mountain, was seriously injured Wednesday, about noon, while playing on a stock scale, by the rack of the scale falling and hitting him on the head. Several bones in the child's skull were fractured. Dr. Buker was summoned and said that he feared the temporal bones of the skull were broken. The accident may prove very serious.

May Decide Bridge Case By Monday

Judge Voorhees says that the circuit judges that have the fate of the bridge case on their hands will probably reach their decision of the case in about three days. The judge however says that as they are now on their vacation it may be longer. All the attorneys in the case are expecting the decision to come their way and none of them seem the least bit nervous over the affair.

FRESNO OIL COMPANY ELECTS OFFICERS

President, J. G. Kline
Secretary, Geo. Barnes
Treasurer, R. D. Keesey

These officers, together with Dan Crowley and W. Q. Barnes, Jr., comprise the board of directors of the Fresno Oil & Gas Co. which was incorporated a few weeks ago and will sink several holes up in White Eyes township. The temporary organization has just been perfected and a permanent one will be made in about two weeks after which a driller will be employed and a location made for the first well.

DOCTOR MAY LOSE EYESIGHT

Dr. Criswell of Plainfield was in Coshocton Wednesday afternoon to consult a physician regarding the condition of one of his eyes. Monday afternoon, while holding a piece of steel for the blacksmith at Plainfield to cut the rivets off, a small particle of the steel flew into the doctor's left eye. He suffered intense pain, but thought he had removed the steel, until the eye began to trouble him. By Wednesday the pain became so severe that he feared he might lose his sight.

Jasper Rodgers Hurt in Runaway

Jasper Rodgers, the groceryman, living on North Eighth-st., received a huge gash in his right leg Wednesday noon while he was riding in a runaway rig owned by Squire Wolford. The runaway was caused by the wagon running onto the horses haunches as the breeching had not been snapped. t started on Chestnut street hill.

Wolford lives a short distance away from Rodgers. Wednesday noon, just after he had hitched up to go to work he overtook Rodgers just as the latter was leaving his home. Rodgers got in the wagon and when they started down Chestnut-st hill the wagon ran down onto the horse's hind legs which frightened it and it started down Chestnut at a mad pace kicking at every jump.

In hitching up the horse Wolford had neglected snapping the breeching, and consequently the wagon was allowed to run down the hill onto the horse

The two men sat on the seat of the wagon yelling "whoa" to the horse. Just as they reached Frank Mulligan's residence about two blocks from where the horse started the steed kicked over the dash board and struck Rodger's leg He paid no attention to the accident until he jumped from the rig when the horse on reaching the Rose property fastened its hind feet over the single tree and fell. When he struck the ground his leg gave way and he fell in a heap in the middle of the street.

Dr. Keenan who had seen the rig coming jumped on the horse's head as soon as it fell and held it until it was quieted. The doctor then turned his attention to the injured man, whose leg was thought to be broken. He was placed in a chair and four men standing near carried him to Dr. Keenan's residence. No bones were found broken but the gash a long deep one, was bleeding profusely and was giving the man much pain. The horse's shoe had struck the man just next to the large bone in the front part of the leg. The injury was dressed and Mr. Rodgers was taken home by Dr. Keenan. No ill effects are anticipated. The horse escaped injury and the shafts of the wagon were broken and some of the harness was damaged. A large piece of the asphalt pavement was kicked loose.

Blocked Track

The 6000 pounds plow used for scraping gravel from the tops of the cars on the gravel train got to skidding Wednesday morning and fell in such an angle that both east and west bound tracks were blocked until the wreck train could be brought through from Dennison to clear up the wreck.

Advances Five Cents

CHICAGO, July 14—Wheat for July delivery made an advance of 5 cents per bushel on the board of trade when it jumped to $1.25 due to rains interfering in harvesting in the west and southwest.

Will Open Liquor House In Canton

J. J. Murray will leave within the next few days for Canton where he will open a wholesale liquor store. His business interests in this city however will be continued the same as of old.

HOUSE AGREES

WASHINGTON, July 14—In the tariff conference the house of representatives agreed to accept the senate customs court provisions.

New Barber Shop

W. B. Gregory who has been employed at Coggins' barber shop, has opened a new shop in the Standen hotel block

The Painters held a business meeting Tuesday evening. All are heartily in accord with the idea of going to Canton for Labor day.

MAIL CARRIER PLAYED ROLE OF SURGEON

That the R. F. D carrier is a pretty good fellow to have around in case of emergency was demonstrated Tuesday at Willow Brook when Will Slaughter, carrier on Coshocton five, acted as doctor and saved a little girl a lot of suffering and a long trip to the nearest physician.

The 11 year old daughter of Wm Shaffer, a well known farmer of that vicinity, with a party of children, was fishing in the Millfork creek, and in some way the fish hook probed her hand, at the base of the forefinger. She jerked and it buried itself, barb and all, to fullest extent. The child the house, the others following her. ran to the house the others following her.

Mr. Shaffer was appalled at the accident and called to Mr. Slaughter who was just coming up the road. The latter, with the father's permission, took the keen-edge lance blade of his pocket knife, made a slight incision and got the vicious hook out. Home remedies were used to prevent bloodpoisoning, and the little girl is now doing nicely.

The nearest doctor was at Conesville and it was feared the child, in her nervous condition, would not be able to stand the trip

ANOTHER CLOTHING STORE COMING

An out of town clothing firm has taken a lease on the Longwill dry goods room in the Fountain's old room and will move here about Aug. 1 or when the Longwill Dry Goods Co., will have moved away

Chautaugua Tickets Placed on Sale

The Chautauqua committee Wednesday morning placed the tickets on sale and decided to give to the business houses selling the greatest number of tickets the use of a tent for their headquarters If any of the business men not on the list wish to enter the contest they may do so by calling at Atty Merrel's office. Tickets are now on sale at the following business houses: The Coshocton National Bank, The Commercial National Bank, The Peoples Banking and Trust company, Gray's hardware store, Coshocton Hardware Co. B. W. Ricketts hardware, Thompson McKeown, Ransom Dry Good Co., Fountain Dry Goods Co., Eureka Laundry, Anderson's, Smith's Frew's and Metzler and Robertson's drug store.

Horse Racing, Baseball and Speaking for Labor Day Picnic

"We are going to have the greatest event ever held in the fairgrounds with the exception of the county fair" said one of the boosters of the big Labor day picnic which the Knights of Columbus are going to hold Monday, September 66.

There will be a big ball game between the local knights, who have never been defeated and either the Dennison or Columbus knights. James McDowell was in Dennison Tuesday night making preliminary arrangements. He expects to get out some big bills in a few days and these will be put up all over the county to herald the big event.

The Electric Theatre Co. will probably put on a vaudeville and picture show at the picnic.

Some prominent Grange speaker from Coshocton county will be secured to deliver an address.

Another big attraction which may be arranged is a matinee meeting of the Gentlemen's Driving club. It will revive the old time sport and prove an interesting event for local turfmen.

NEW WHEAT JUMPS TO $1.10 PER BUSHEL

Local millers advanced the price of new wheat to $1.10 per bushel Wednesday morning, leaving the price of old wheat at $1.25. No change was made in the price of the other cereals. Corn is 75; oats 50; and rye 70 cents per bushel.

NEW PASTOR NEXT SUNDAY

Rev. Frank H. Brown of Cleveland will be at the Church of Christ Sunday, July 18, to preach his first sermon as pastor of the church. In the morning Rev. Brown will preach on "Vacations," and in the evening will preach on "Lessons From Nature."

BOY MURDERS AND ROBS HIS COMRADE

Chicago, July 14.—It is now thought that Cecil Cuthbert, 14, who disappeared from his home here May 25, after he had withdrawn $15 from a bank, was robbed and then thrown from a freight train near Elkhart, Ind. Cuthbert left this city with Harry Brockhofen. The police were notified that Brockhofen had written a boy friend a letter in which he said:

"I shoved Cecil off the train all O. K. and got the cash. Am with my aunt now, but will go farther from Chicago."

Detectives of the Lake Shore & Michigan Southern railroad reported that the body of an unidentified boy, bearing marks indicating that he had been murdered, had been found near Elkhart several days ago. The Cuthbert boy's mother left for Elkhart and the police of Columbus, O., where the Brockhofen boy is supposed to be, were asked to arrest him.

LEAVE WINDY CITY

Glidden Tourists to Make Madison, Wis., by Tonight.

Chicago, July 14.—The Glidden automobile tourists arrived in Chicago, escorted from South Chicago by the Chicago Motor club and the Chicago Automobile Trade association. The second lap of the great annual endurance contest ended at the Congress hotel.

The run was from Kalamazoo, Mich., 143 miles, and the contestants encountered all the discomforts which a torrid sun and sandy roads could give them. From Niles, Mich., to this city, the roads were heavy and dusty. The only accidents of the day were minor ones.

This morning at 7 o'clock the third lap was taken up, the objective point being Madison, Wis. The course follows the lake shore north to Milwaukee, thence to Madison.

VOTES WILL BE COUNTED WEDNESDAY EVENING AND PLACED TO THE CREDIT OF THE CANDIDATES—THEN THE CONTEST IS ON SURE—GET IN THE RACE EARLY AND YOU WILL HAVE A BETTER CHANCE TO SECURE A LEAD—FRIENDS WILL HELP YOU.

Votes will be counted Wednesday evening and placed to the credit of the candidates—then the contest is on sure—Get in the race early and you will have a better chance to secure a lead—Friends wil help you.

Tomorrow, Thursday, evening The Age will publish the first list of names and votes in the great automobile and prize contest. Send in your names at once if you desire to be in on the start and have an equal show with the other contestants. list early will have a better chance

Those who have their name on the to secure votes than those who wait One contestant may have a number of friends who are also friends of someone else, and if your name appears first those friends will naturally vote for you, not knowing that anyone else with whom they are acquainted is thinking of entering the contest.

No one will have many votes to start with so you need not hestitate to send in your name on account of having but a few votes.

The first couple of weeks will not show a large number of votes to the credit of any of the contesants, as it takes that long to get started, but after the second week the votes will come in rapidly, and all of those who are in to win will be able to show a goodly number of votes to their credit.

Inquires are coming in daily from all parts of the county requesting info m_t i n involved in the contest. In order to let each one to fully understand the points of the contest The Age will publish in this column daily the manner in which the contest will be conducted, the list of prizes, who will get them, how to enter the contest and other information of value to those interested. Watch the daily write up for full information.

A number of persons have written to The contest department of The Age saying that they are willing to subscribe for The Age but desired to wait until someone entered from their section before sending in their subscriptions. Here is an opportunity for the young ladies all over the territory of the contest. This shows that there are votes to be had, not for the asking, but simply by sending in your names. These votes will come not only from your friends, but from strangers who are interested and desire to help some one win.

So enter your name at once so as to be on the list on the first day the list is published—it may mean a number of votes to you.

Division of Districts

The territory of the contest is divided into districts as follows:

District No. 1—Includes all of the city of Coshocton lying east of Seventh and North Eighth-sts.

District No. 2—Includes all of the city of Coshocton lying west of Seventh and North Eighth-sts.

District No. 3—Includes all of the townships of Perry, Bedford, Jackson, Pike, Washington and Virginia, and the villages therein.

District No. 4—Includes all of the townships of Lafayette, Oxford, Franklin, Linton and Tuscarawas, outside of the city of Coshocton and the villages therein.

District No. 5—Includes all of the townships of Tiverton, Monroe, New Castle, Jefferson, Bethlehem and Clark and the villages therein.

District No. 6—Includes all of the townships of Keene, Mill Creek, Crawford, White Eyes and Adams and the villages therein.

Who May Enter This Great Contest

Any young lady of good character (either married or single) residing in Coshocton county (excepting, of course, employes of The Age) may enter this contest. They do not have to be subscribers of The Age in order to enter, all that is necessary is to send in the name and address and the names of at least two parties who have known them for at least six months. The rewards will be distributed as shown in another section of this announcement. Votes may be clipped from the paper or secured on subscription; the nomination blank will count for 1,000 votes for the person nominated. The votes that appear daily in the paper after the opening date of the contest are good for one vote each if voted within one week from the date published; those secured on subscription are votes in proportion to the length of subscription, as shown in another section of this announcement. Parties living in one district are not confined to voting for candidates in this district, but may vote for candidates in any district of the territory of this contest. Candidates and their friends may secure subscriptions anywhere and votes will be allowed on all subscriptions as shown elsewhere on this page.

Votes cannot be bought; they must be clipped from the paper or secured on subscriptions.

Enter your name or that of a friend and get a good start.

How Votes Are Secured

With every subscription to The Daily Age (when it is asked for) is given a coupon good for a certain number of votes according to the length of the subscription. This is explained below. These coupons may be held as long as desired, and voted at any time up to the last day of the contest. In fact, it is well to hold back a large per cent of your vote coupons, as then no one knows how many votes you have, and you are less likely to have some one who knows how you stand step in at the last and by paying for a great many subscriptions secure the prize you desire. If you hold a part of your votes back no one knows how many they have to win and will not take chances.

The ballots printed in The Coshocton Daily Age are good for one vote if voted one week from the time printed. The date on which they expire is on the bottom of each ballot, and if the time is expired the ballot will not be counted. A nomination blank counts for 1,000 votes

Votes cannot be bought; they must be clipped from the paper or secured on subscriptions.

Votes secured by one contestant cannot be transferred to another.

In case of a tie for any of the prizes offered in this contest, the value of the prize or prizes thus tied for will be equally divided between the contestants who tie for same.

How The Prizes Will Be Distributed

1 The Maxwell automobile will be awarded to the young lady securing the largest number of votes in the whole contest.

2 The $350 Boston piano will be awarded to the young lady in the city of Coshocton (Districts No. 1 and 2) who has the largest number of votes in these two districts after the automobile has been awarded.

3 The $350 Rudolph piano will be awarded to the young lady outside of the city of Coshocton (Districts 3, 4, 5 and 6) who has the largest number of votes in these districts after the automobile has been awarded

4 The young lady in each of the six districts who has the largest number of votes in her district after the three grand prizes have been awarded will receive a free five months scholarship in either the Coshocton School of Business or in the Zanesville Business college.

5 The young lady receiving the second largest number of votes in each of the six districts after the three grand prizes have been awarded, will receive one of the beautiful gold watches.

Remember each of the five districts receives a first and second prize regardless of the vote in any other district of the territory of the contest.

Votes are allowed to both old and new subscribers who pay in advance and on arrearages to the Coshocton Daily Age, as follows:

NATIONALISTS TAKE TEHERAN

Meet With Little Resistance From Guard Inside.

DEMAND REFORMS FROM SHAH

English and Russian Legations Receive Assurance That Lives and Property of Foreigners Will Be Guarded by New Party—Principal Contention Is For Genuine Constitutional Form of Government—Situation Resembles That In Turkey.

Teheran, Persia, July 14.—The constitutionalist forces are now in possession of the greater portion of the Persian capital, which they entered without encountering any organized resistance. Their program so far has been a repetition of recent events in Turkey.

While Sardarasad and Sipahdar the leaders in the movement, concentrated the attention of the royalists by demonstrations to the west, a strong body of Nationalists and Bakhtiaris made their way unnoticed around to the north, from which point the capture of the capital was not difficult. The guards at the northern gates were disarmed and the invaders marched in, the foreign section leaders taking up their quarters in the old Mejliss building. This gives the Nationalists command of the city with the exception of the artillery square and the drill ground adjoining. The royalists are badly situated to make further resistance and the Cossacks, under command of Russian officers, remain outside the city, entirely cut off from their comrades in the artillery square.

Discipline Maintained.

The strictest discipline is being maintained by the Nationalists, who are placing guards at the gates and other points as the royalists are disarmed. The Nationalist leader, in a note to the Russian and British legations, guarantees security of life and property to foreigners, adding that nothing is demanded from the shah but a real constitution. Sipahdar already has summoned the members of the mejliss to witness the opening of parliament.

The invaders lost only one man while making their entry into the city. The loss to the royalists is unknown, but can not be heavy, as the Cossacks were the only defenders to offer resistance. They are keeping up a desultory fire and occasionally are making use of their artillery. There is much ill feeling against the Russians and the Nationalists are endeavoring to prevent any incident that might justify a Russian force entering the city.

Vagaries of a Cold

You can never be quite sure where a cold is going to hit you. In the fall and winter it may settle in the bowels, producing severe pain. In the summer it may give you colic with diarrhoea or summer complaint. Do not be alarmed nor torment yourself with fears of appendicitis or inflammation of the bowels. At the first sign of the pain or cramp take Perry Davis' Painkiller in warm, sweetened water and relief will come at once. There is but one Painkiller, Perry Davis'. It is now put up in a large 35c size as well as the regular 50c size.

A COURTIN' CALL

Him!

He dressed hisself from top ter toe
Ter beat the latest fashion,
He give his boots a extra glow,
His dickey glistened like the snow,
He slicked his hair exactly so.
An' all ter indicate "his pashun"
He tried his hull three ties afore
He kep the one on that he wore.

Her!

All afternoon she laid abed
To make her feachurs brighter.
She tried on every gown she hed,
She rasped her nails until they bled,
A dozen times she fuzzed her head,
An' put on stuff to make her whiter,
An' fussed till she'd a-cried, she said
But that 'ld make her eyes so red.

Them

their sidewalk or some improvement and let Mr. Hamilton bring his injunction suit which, in this case would bring the case into courts without their doing any of the action.

The case was discussed for fully an hour and was at last dropped with the advice that the petitioners take their case into courts. A lively lawsuit will probably follow.

Solicitor Williams was present at the meeting and said that the election of Mr. Magruder which took place at the last session was illegal. He gave as his grounds that Pres. Stacy's resignation did not go into effect until July 1, as he had drawn his salary up until this time and as Magruder was elected to the vacancy before July 1, the action was illegal. Accordingly the president suspended the order of business, and Mr. Magruder was elected again and Mr. Robertson was elected to the president pro tem chair, merely to make the action legal. Mr. Magruder was sworn in as councilman-at-large by Solicitor Williams.

A petition for the establishment of a sewer on Elm-st. between Third and Second and on Second between Vine and Elm, signed by nearly all the property owners along those streets was presented. The petition was referred to the Board of Public Service.

An ordinance was passed which fixed the salary of the director of Public Safety at $25.00 per month, payable monthly. This is the first action of this city in conformance of the new law recently passed. The new director will take his office August first, just who it is, has not been made public.

The $50,000 bond of the Coshocton National bank was accepted. The Coshocton National was recently given the contract for the handling of the city's funds.

The ordinance for the grading of John-st. from Kennilworth to Lynn-ave. was given its second reading and as there was no hurry about its being passed as nearly all the work has been done, the matter was held over until the next meeting.

The ordinance prohibiting property owners to allow waste water to run over the sidewalks of the city which was to have had its final reading was held over until the next meeting.

The city auditor was ordered to pay out of the court cost funds $105.00 to R. L. Donley for H. M. Tauber for a clothing fee.

The bill presented at last meeting of the council for $11.90 for vault work in the rear of the city hall and which was referred at that time to the health board was returned at Tuesday night's session but was again turned over to the Service Board as council declared that it was not their duty to pay this bill.

J. C. Brister appeared before council at the request of many citizens of Coshocton and asked that new street signs be erected at the street corners, as the old ones which were purchased several years ago for the city were mostly torn down and those that still remained he asked that they be painted. The matter was turned over to the committee which was appointed some time ago to name the new streets of the city.

Predicts Oil Boom Soon

John A. Snee, who has been taking up new leases in the Bloomfield oil field, returned to Pittsburg Tuesday afternoon. He and Wm. Henderson took up over 400 acres of lease just east of the village and more wells will be put down soon. In fact Mr. Snee predicts that it is only a question of a short time until Bloomfield will enjoy the privilege of being lighted by natural gas and will be a big oil center.

A Wonderful Discovery

Sir William Crookes the great English Scientist was the discoverer of the Wonderful X rays. More recently is the discovery of a new composition in manufacturing lenses for optical work (including spectacles) by which the glass excludes the injurious Ultra-violet rays of light which causes smarting and inflamation of the eves. Such wonderful results have been obtained where ordinary lenses failed, that the leading scientists of Continental Europe have been using them for several years. They have just been introduced in this country. For allaying irritation soothing and relieving inflamed conditions of the eyes they have afforded relief in many cases that had baffled the skill of the most expert. **Burns & Gosser**, the eye specialists have been given the exclusive control of this wonderful new lens in Coshocton county, and sufferers from Headaches, burning and inflamed eyes should go at once and have their eyes examined and fitted with a pair of these wonderful Crookes lenses.

JOSEPH P. CALLAHAN

Well known Coshocton politician who has been appointed deputy inspector of workshops and factories for this district. The job carries with it a $1200 salary and expenses.

Mr. Callahan is chairman of the county executive committee and chairman of the county central committee. He also served two terms as a member of the county election board. In 1903 he was on the State Central Committee of the 17th district. He was a member of the State Executive committee in 1905 in the Patterson campaign and was presidential elector last year.

Mr. Callahan will close his tailor shop on Main-st of which he has been owner for several years.

He will leave Thursday morning for headquarters at Columbus where he will report for instructions and will begin his duties Friday morning.

How A Baltic Boy Became Business Leaaer in Great City

To have risen from farmer boy to president of one of the country's largest financial institutions, to have worked one's way up to one of the highest positions in the commercia world, esteemed, honored and implicitly trusted by all is the lot that does not fall to every youth of the country today.

Back in the 50's Joseph W. Marsh was a poor boy in Baltic says the Baltic American, his advantages compared with the youngster of today were meagre indeed, but he was made of that material which counts in the battle of life and his recent accession to the presidency of the Exchange National bank of Pittsburg and to the presidency of the Standard Underground Cable Co., also of Pittsburg, is an achievement of which his friends are more than proud.

"Money," Pittsburg's financial journal, in commenting upon the death of M. W. Walton, president of the Exchange National bank and also of the Underground Cable Co., of which organizations Mr. Marsh was vice president, pays him the following tribute:

But such is the unwavering course of history, that a worthy successor is at once brought forward. In the present instance this is particularly true; the directors of the Exchange National Bank having Tuesday elected Joseph W. Marsh as president, a selection that has met the entire approval of the financial community, of the friends of the bank and of all who know of Mr. Marsh, or are familiar with the effective way in which he goes about doing important things.

"The new president of the Exchange National bank is no stranger to the Pittsburg public. He is a modest man but what he has done has made for him a lasting position in local business annals. Although occuying important positions for some years he became best known during the recent financial troubles by his plan for the rehabilitation of the Westinghouse Electric & Manufacturing Co., a corporation in whose fate Pittsburg was and is so vastly interested. When the financial troubles of this great corporation looked the worst Mr. Marsh called many of the creditors together and presented a plan, which he prevailed upon them to accept, calling to his aid many influential citizens. In addition to organizing the "Merchandise Creditors" plan under which the receivership was finally terminated Mr. Marsh worked hard and incessantly and his efforts and influence had much to do with the final success of the plan. And Mr. Marsh did not do this for personal reasons or for financial gain. This wearing work he did for Pittsburg; that the working people should retain their work, the stockholders their value in stock holdings, and for the creditors that their credits should remain good.

"Mr. Marsh is a man of the soundest business and financial judgement, a keen student of questions of finance and business, and a practical man in all that he undertakes. He has made a fine record as vice president and general manager of the Standard Underground Cable, Co., and has been a director of the Exchange National Bank, of which he has now become president, for about seven years."

Mr. Marsh was last week still further honored by being elected president of the Underground Cable Company, of which he had been vice president, and general manager for many years.

This election makes no real change in his duties, as he has been the chief active executive officer of the company for about eighteen years past, the President having been only a titular officer, who presided at the board meetings and took no active part in the management of the business.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy H. Hanson, Hamburg, N. Y.

Just why even a small boy should want to run away from Coshocton is something beyond understanding. There's no place else as good.

Cambridge road pavement is likely to be extended. One thing residents of that locality evidently believe in, is to have the best that's going, right before their own doors.

The appointment of Joseph P. Callahan as one of the new deputy state inspectors of workshops and factories is pleasing to the Coshocton friends of the recipient. Mr. Callahan ha for many years been one of the "wheel horses" of local Democracy and since there is a Democratic administration over at Columbus and we must perforce, have Democratic officials, we are glad to see Coshocton recognized.

There will be better satisfaction all around when the bridge matter is settled one way or another in the circuit court. It is likely that either side that loses will carry the matter to the supreme court, but even at that the machmoodled question is removed from local environment and the average man will be glad to settle down in the even tenor of his way.

ON THE SIDE

Did you notice the laughable sight Monday night and the "kidding" handed three girls when they to show their gameness took two of the fops of the city up on a watermelon proposition. One of them in her excitement lost her purse containing $5. The three girls came along by the Sparta and saw the tantalizing melons in the window as they talked to the two gentlemen. As they stood there one of the fellows made a proposition which was quickly seconded by the other fellow. They told the girls if they would carry the melon up Main-st. they would buy it. The girls agreed and were shifting the big melon from one to another when one of them dropped her pocket book. When they were midway between Sixth and Seventh-sts. one of the girls exclaimed that she had lost her purse hurrying back she could find no trace of it and passing along in front of the Parrish's meat market noticed the end of it on the pavement a man standing talking to another man seemingly unconscious of the fact that he was squeezing a $5 frog skin to the pavement. The girl immediately informed him of what he was standing on and he picked it up and gave it to her. Again they were all quite happy, having their watermelon and the fellows being out the price of the melon and did not even have the pleasure of helping devour the red juicy fruit.

REFUSES TO STAY IN AIR

Orville Wright Makes Two Unsuccessful Efforts to Fly.

Washington, July 14.—Two unsuccessful attempts to maneuver his aeroplane in the air at Fort Myer were made by Orville Wright, the failures being largely due to the small area of the field and unfavorable direction of the light wind that was blowing.

The machine rose on both occasions, but the aviator was obliged to make the turn at the end of the drill field before the "flying speed" had been attained, and came to earth because of lack of speed when he attempted to turn.

On the first trial the machine rose a little more than 10 feet and on the second trial a height of about 20 feet was attained. In the latter trial Mr. Wright failed to stop his motor before making landing, and the machine in scraping against a little knoll broke a crossbar.

Curtiss Makes Three Flights.

New York, July 14.—Glenn H. Curtiss in his aeroplane made three flights near Mineola, L. I. The first and third were short, but in the second he remained in the air two minutes and thirty seconds, going in a great circle at the rate of about 40 miles an hour for a total flight of approximately one and two-thirds miles.

Insane Woman on Train With Child

One of the most pathetic sights imaginable was aboard the second section of train No 29 last night. A woman with a babe about 7 months old had gone insane while on a western tour with husband and nurse and was being rushed east to a sanitarium. The people were evidently quite wealthy, occupying a state room. A physician as well as the nurse for the baby were with them. The woman would get up wild eyed, go to the window and fling a fit wildly. The conductor stated at times, so it is said, that the husband had to hold her to keep her from getting rough with the baby. She seemed to think it a doll.

Flames From Gas Srove Burned Lady's Face

While baking bread Wednesday morning, at her home on South Eighth-st. Mrs. Van Emmon went to the oven, to open the door, for the purpose of seeing how the bread was baking, when the gas blazed out the door, catching her hair on fire, and burning her seriously about the head and face. Her eye brows were singed, but her eyes were not hurt in the least, and none of the fumes were inhaled. Although the lady was painfully burned, she will recover from her injuries in a few days.

ANNOUNCES SPEAKERS

Program For Legislative Reunion Made Public.

Columbus, O., July 14. — The program for the annual legislative reunion to be held at Cedar Point, Aug. 6-8, inclusive, has been made public by Clerk John P. Maynard of the house of representatives. The lawmakers will begin their festivities with a ball and fireworks Thursday evening, Aug. 6. Most of Friday will be spent in a trip to Put-In-Bay, where the legislature is to be asked to provide for a permanent exposition building to cost $250,000.

Friday night the annual banquet will be held in the main dining hall of the convention auditorium at the Point. Judge Cyrus B. Winters of Sandusky, Democratic floor leader of the house, will introduce Lieutenant Governor Francis B. Treadway, the toastmaster. The speakers will be Governor Judson Harmon, Senators Frank N. Paterson, Daniel F. Mooney, Frank M. Clevinger; Speaker Granville W. Mooney, Representatives Asa W. Elson, Edgar Ervin, George E. Davidson; for the press, Beriah E. Williamson, Columbus. Saturday will be get-away day.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.

Sage of the Age

The farm hands are singing "When the harvest days are over."

"I'm like the woman who was watching the fight between her husband and the bear" said one taxpayer in speaking of the bridge fight. "I don't care which side wins."

The country roads have a hard time trying to keep muddy these days. The sun dries them off before the clouds hae hardly roiled away.

If you want to be inspired with Coshocton's rosy future, just take a walk out South Lawn-ave. to Bank-st. and look down at the Clow plant.

If Saturday night would pass without a lawn fete this month it would be a safe sign that the world was coming to an end.

The average young man is saying "I love my bike but oh you automobile."

FOR RHEUMATISM

Rheuma is the Name of the New Discovery that Never Fails

Readers of the Age who suffer from Rheumatism will be glad to know that C. E. Anderson has at last been able to secure the agency for Rheuma, the new discovery for the cure of Rheumatism.

Although Rheuma is called a new discovery, and has only recently been offered direct to the people, it is the prescription of a very learned physician, and has been used with marvelous success in his extended practice.

Already the news of the cures Rheuma has made has spread the country over, and Rheumatic victims in Coshocton will appreciate the enterprise of C. E. Anderson in securing such a truly great prescription.

Rheuma relieves Rheumatism so quickly that it gains the confidence of the patient in a few days. C. E. Anderson thinks so well of it that he sells it on the no-cure no-pay plan, and on that basis every Rheumatic sufferer in Coshocton ought to give this new prescription a trial. Just ask for Rheuma; the price is only 50 cents a bottle. Mail orders filled by Rheuma Co., Buffalo N. Y.

Miss Agnew Returns From Music Festival

Miss Helen Agnew has returned from Lafayette, Ind., where she was one of the prominent features in the Music Festival which was held there Miss Agnew was given some very flattering press notices, in the Lafayette papers, and the Music News, Chicago, contained the following account of Miss Agnew's appearance in recital:

"At 4 p. m., Wednesday, June 30, one of the most pretentious and important programs of the festival was given, the artists being of wide experience and fully developed gifts. Miss Helen Beverly Agnew of Coshocton, achieved a distinct success with her singing, "More Regal in His Low Estate" by Gounod, which found her a worthy interpreter; her clear sweet voice was a delight to hear There was a flexibility and smoothness in her manner of singing together with her clear anunciation of words, which made for her an instant recognition" Clippings from the Lafayette Morning Journal are given below:

Miss Helen Agnew, of Coshocton, made her first public appearance here as a vocalist and her numbers were all delightfully pleasing. She has a rich, clear soprano voice of rare quality and seems destined to become one of the country's greatest artists Miss Agnew is a talented young vocalist with a bright future before her.—Lafayette, Ind., Daily Courier.

Miss Helen Agnew, of Coshocton, has some splendid tones, a graceful carriage and sang well Miss Hazel Hammel's harp playing was delightful—Lafayette Morning Journal.

BEAUTIFUL LANDSCAPE AT ALGONAC

Each day brings the crowds of people that are going to Algonac in August nearer to the beautiful place No one can imagine the beautiful scenery and landscape embodied by the trip up the beautiful and historic river St. Clair. The country around there is flat, very flat and one looking out over the land may scan the place closely to see if the trees and beautiful shrubbery are not growing from the depths of the river.

All along the river at short intervals the Tashmoo in which The Age's party will make the trip from Detroit to Algonac, meets the big river passenger and freight boats which in themselves are a novelty to the inland born. The big freighters carrying their huge loads of timber, coal, and copper from the famous mines going down the river to the southern ports.

Up through the flats great power yachts valued at thousands of dollars owned by some of the richest people in the states who own summer cottages among the flats.

Everything is beautiful and the boat is always filled with people that are out for a good time and joyfulness seems to permeate the atmosphere and everyone is everybody else's friend.

GIRL JUMPS INTO LAKE

Suicide Theory Now Accepted In Lake Klinger Tragedy.

Sturgis, Mich., July 14.—That Mary Loretta Davey, the Chicago girl whose body was found floating in Klinger lake, leaped into the water during a fit of despondency due to ill health, is the theory generally accepted by the authorities and by the campers about the lake. Searchlights failed to reveal the body of Claude Hunt, who accompanied her, and who is believed to have been drowned in an effort to save the girl. Hunt's brother states that the young man could not swim.

TO THE FRONT AGAIN WITH AN

AMAZING UMBRELLA SALE.

Amazing the quantity for a town of this size—500 of em; amazing the handles—the very nobbiest; amazing the cover—sturdy silk twill; extra amazing the price—95c. Now comes the "how" of this amazing umbrella sale: By means of another very extraordinary purchase by our umbrella buyer, we are enabled to offer the people of Coshocton and vicinity 500 ladies and gents $1.50 to $2.00 umbrellas at the ridiculous low price of

The Gents

Umbrellas have handles of plain mission, natural boxwood, plain curved horn, mounted mission, carved horn and mounted boxwood, insuring a variety of styles usually found on umbrellas selling as high as $5.00.

95c

The Ladies

Umbrellas have handles of plain natural boxwood, mounted mission, gold and pearl mounting combined, plain mission and ivory tipped mission, the season's most popular styles and of the sort to appeal to good dressers of good taste.

It's simply another instance of a manufacturer needing money—of our having it and with you reaping the benefit. These umbrellas are made with a sturdy silk twill, tape edged cover on a non-rustable frame and with handles of the very nobbiest designs—plain mission, natural boxwood, gold and pearl mounted, plain curved horn, mounted mission, gun metal, mounted boxwood and mounted horn. It is extremely difficult describe them here, so we advise you to make special effort to see them in our window—you'll marvel at their good looks, and you'll marvel more at the quality if you will come in and examine one. Truly it is the greatest umbrella "snape" ever offered in this section of Ohio—men and women alike can share in this, for the lot is equally divided—250 ladies and 250 gents styles—26 and 28 in. in size respectively.

We Wish To Announce, Also, That, In Order To Give

The Country People A Chance

to buy what they want of these specially July priced umbrellas, that they will not be on sale before Saturday of this week.

They will, however, be on display in our window, that those who can, may see for themselves. that all we say about these umbrellas is true in every respect. There is not a handle in the entire lot, but what is worth the amount we ask you for the complete umbrella. SEE WINDOW DISPLAY.

MAIL ORDERS

Will be promptly filled as long the 500 last. State when ordering, whether you want a ladies or gents' size and also the style handls desired.

Anty Drudge Dries Miss Prettygirl's Tears.

Anty Drudge—"Why, what's the matter, dear? What are you crying about?"

Miss Prettygirl—"Oh, my beautiful new waist is ruined and it just makes me sick. That clumsy Will Johnson upset a plate of refreshments on it last night at the party, and spoiled all my fun."

Anty Drudge—"And his, too, I'll warrant. But dry your eyes, dear. It was all an accident, no doubt, but you feel so badly that you have to blame someone. Now if you had only known of Fels-Naptha you could have passed it off as a joke, enjoyed yourself and spared Will an uncomfortable time."

There's a right way and a wrong way to do everything.

And there is a new way and an old way to do almost everything.

The new way to wash clothes is the Fels-Naptha way—in cool or lukewarm water, no boiling, either in winter or summer, and little rubbing.

And the Fels-Naptha is the right way as well—saves time, saves the back, saves fuel, and the wash comes out cleaner, sweeter, whiter.

It is up to you to choose between the new and the old, the right and the wrong way of doing your washing.

Simple directions for washing and other household cleaning are printed on the inside of the red and green wrapper.

STATE FAILS TO MAKE ITS POINT

Evelyn Thaw Proves Very Unsatisfactory Witness.

REFUSES TO ANSWER QUESTION

Court Decides That For the Present She Need Not Tell Whether Husband Threatened Her Life Since His Commitment to Matteawan. Former Actress Looks and Dresses Much the Same as When In Attendance at Murder Trial.

White Plains, N. Y., July 14.—For more than an hour Evelyn Nesbit Thaw was on the stand in the supreme court, subpoenaed by the state in its fight to keep her husband, Harry Kendall Thaw, in the asylum for the criminal insane at Matteawan. But for the absence of the dainty Eton collar, which Mrs. Thaw wore so much during the murder trial, she appeared much the same as she did when Jerome was trying to send Harry Thaw to the electric chair, and at times was petulant to the extent of tears.

Although called to assist in proving Harry Thaw irrational, what Roger Clarke, the deputy attorney general, drew from her lips created rather a favorable impression for her husband.

State Depends on Evelyn.

Upon the ultimate outcome of Evelyn Thaw's testimony the state's fight largely rests. Mr. Clarke tried hard to get her to admit that Thaw had threatened her life when she visited him on one occasion after his commitment to Matteawan. But, turning appealingly to the court, she repeatedly refused to answer his questions, and Justice Mills ruled that he would hold the conversation in which the threat was supposed to have been made a confidential one and privileged, till the state presented proof to show that Daniel O'Reilly, the New York lawyer, who was present at the time, was not then acting as counsel for both Mr. and Mrs. Thaw. This Mr. Clarke promised to do, and Mrs. Thaw was excused after identifying a number of papers in her husband's handwriting.

Aside from that of Evelyn Thaw's the testimony was much like that of the previous day's, accounts by witnesses called by Thaw's counsel, all of whom attested to his apparent soundness of mind. A throng of spectators crowded into every available foot of space of the new courtroom to see Mrs. Thaw. When she left the stand such a crowd followed her that she had to take refuge in the district attorney's office.

The state's representatives announced that they had retained Dr. Austin Flint and Dr. Charles B. McDonald, who, with Dr. Amos B. Baker of Matteawan, will make up the state's trio of alienists along lines agreed upon by counsel.

COAL MEN HERE TODAY

A long, rakish special car from Cleveland arrived with 85 coal operators aboard who are Wednesday afternoon visiting the Warwick mines and in conference there in regard to the coal market and other matters concerning mining. The car came through to Navarre over the Wabash, was hitched to by the noon Wheeling train, sidetracked at Coshocton and pulled down to the Meek Co., by the shifter engine for noon. The men all went to the Park hotel. They were taken to the mines by the shifter and will be taken back to Navarre by the afternoon train.

When the 85 men arrived at the Warwick mines at 2:15 the whistles blew and every man carried a flag while the engine and coach was all dressed up in flags.

COUNTY FAIR LOOMS UP IN THE DISTANCE

In the dim distance the county fair is looming up on the horizon and Secretary W. B. Miller is already beginning to keep his weather eye out for the finest attractions that can be secured. He hopes to have a county fair this fall that will make all others sink into insignificance. Wet weather interfered with last year's fair.

The contract with the Ohio Experiment Station at Wooster which will have a big exhibit at the fair this fall will be here in a few days. The exhibit promises to be a big drawing card. The directors of the Agricultural society will hold a meeting, probably the first or second Saturday in August to make final arrangements.

Cousin of George Senft Drops Dead

A. L. Senft, aged 66, first cousin of George Senft, manager of the Coshocton Light & Heating Co., of this city, dropped dead on a train near Memphis, Tenn., while the train was crossing the Mississippi river Tuesday. Geo. Senft will attend the funeral which will be held in Columbus probably today or Thursday.

Mr. Senft's wife died six weeks ago. He had been a veteran conductor on the Pennsylvania and retired less than a month ago. He was a soldier in the civil war and had been in the railroad service 35 years

Pays Visit To Boys Industrial School

Probation Officer A. C. Sondles returned home Tuesday night on No. 20 from Lancaster where he placed Perry Blackson in the Boys Industrial school. Mr. Sondles states that the institution is conducted along systematic lines and the boys are brought up in good sensible style.

They all wear white duck hats and attend school in the morning. In the afternoon they work and enjoy outdoor recreation. There are fourteen buildings and the boys grouped in each building constitute what is called a family. When evening comes they march to the main building where each family unites and marches to its own building. They retire at 8 o'clock and arise at 5:30.

There are 1085 boys in the buildings, including about a half dozen from Coshocton-co. Obedience is the principal thing required and kindness prevails rather than cruelty.

Nearing Century Mark But Rides In Auto

Though 93 years of age, Elisha Compton, of Jackson township took a sixteen mile automobile trip today and enjoyed it almost as much as his sons, J. M. and J. A. Compton, of Coshocton and H. W. Compton, of Toledo, who accompanied him.

With the aged man's grandson, Fred B. Compton, as chauffeur they started in the Reo machine for the home of Mrs. G. W. Smith at Chalfants to hold a family reunion.

Boy Burned By Coal Oil Blaze

Chas. Bucy, better known as "Jobie," the 6-year-old-son of Mrs. Belle Bucy, received severe burns Wednesday morning while trying to start a fire with coal oil. Mrs. Bucy goes out to earn money to help support the family and the accident occurred while she was away.

SIGNS OF PROSPERITY

VAIL PLANT'S NEW PRESSES ARE STARTED

The new printing department of the Vail plant is now in complete operation. The new double-cylinder perfecting press was started Tuesday and is doing excellent work. The othe. big press is also being operated and the two will turn out an enormous amount of work.

Three new linotype operators were taken on Tuesday and the working force in all of the departments is being increased About one hundred are now employed at the big plant, which is recognized as one of Coshocton's most substantial industries. The linotype operators all make big wages and even the "dump boys" earn good money

It is rumored that a bindery will be added to the plant during the year 1910, there being plenty of space for the new addition The type setting for about 25 volumes of the Shakespearean work has already been completed There are to be about 40 volumes One of the new presses is printing the laws of the State of New York, the type being set here. The pages will be printed in big sheets and sent to the binderies to be cut and bound. The plant is steadily growing and taking on more of an air of prosperity every month.

CLOW WORKS LOOMS UP ON THE HORIZON

If you have a friend from some neighboring city visiting you just take him down the Seven Mile Drive and let him see the progress that is being made on the big Clow plant, which will soon be ready to commence turning out pipe in large quantities.

The big buildings have steadily risen during the spring and summer until now they tower above the surrounding country while the workmen who are hurry ing hither and thither resemble mere pigmies. On the west side is presented a long high building the upper part of which is largely made up of glass windows which can be swung open. The most of the work is now being done at the south end of the buildings. Big cranes are being installed and the other machinery will soon be placed in position. About 75 men are employed.

The office building stands on the hill overlooking the plant. It has a blocky appearance and is very substantially built. A dozen or more houses are springing up at various points in the Board of Trade addition The streets are laid off and are named. Otsego-ave. is that part of the old Otsego road which passes the east side of the Clow addition passing on down toward the Porteus school house. The cross streets from East to West are named after trees, after the system established in Coshocton. Sixth-st. is extended south through the new addition and passes just a little to the west of the new building.

A Woman Humiliated

Would Not Attend Social Functions Because of Her Hair

There are many women in this world, hadsome in features, perfect in form, graceful of movements and brilliant of mind, who keep in the back ground just because they have thin colorless and lusterless hair.

In Paris they understand things about the hair that we do not know in this country. It was a Parisian, Dr. Sabourand who discovered that thin hair and dandruff are caused by a microbe.

It is Parisian Sage that proves Dr. Sabourand's theory to be correct, for it is rigidly guaranteed by C. E. Anderson to kill the dandruff germ and cure dandruff, falling hair and itching scalp in two weeks or money back.

Parisian Sage is a delightful pleasant hair dressing and invigorator; it is not sticky or greasy. It should be used freely in summer as it keeps the scalp clean and cool and free from odors.

The price for Parisian Sage is only 50 cents for a large, generous bottle and is for sale by leading druggists everywhere. Sold in Coshocton on the money back plan by C. E. Anderson The girl with the Auburn hair is on every package. Made in America by Giroux Mfg. Co., Buffalo.

COLUMBUS CAMPERS HAD TO WALK BACK

Did you see the troop of men who passed through Coshocton Tuesday evening about 5:30 dressed in a white street cleaners hat, Khaki trousers, leather leggins and dark coats. Reports first had it that they were known as the "Walking Club" others called it the "Pedestrians" and it later developed that they had really called themselves the "Walking Club" taking this as an apology to get back to Columbus. The story runs this way.

They were up in the Alleghenies of Pennsylvania enjoying the delightful snappy air and their wooded surroundings, eating like troopers. when they upon examining their coffers, found they were scraping the bottom and on their last peg. Not knowing what to do they decided to break camp immediately and walk through to their homes in Columbus. Somewhere, nobody knows, they procured a hand cart : packed food and shelter and started homeward.
